**AUTUMN 2023**

**GREETINGS FROM THE SUPERVISOR**

Welcome to the second edition of Mundy Township’s community newsletter! As was mentioned in the inaugural Spring 2023 edition, this is a new effort by the Township Board of Trustees to improve communication, provide a variety of updates, and promote community identity here in Mundy Township. We were quite impressed with the positive response that first newsletter generated, so we’ve decided to give it another shot and try to turn this new effort into a continuous one. Please keep the feedback coming!

It is an exciting time to be a part of Mundy Township, and there have been many developments since this newsletter first hit mailboxes in May. The Mundy Township Senior & Enrichment Center is officially moved into their new home at the Township Hall. New phases of construction are underway at the Mundy Miracle Commons, including the recent groundbreaking for a restroom and concession building. We even got word that the Commons represents the largest universal design/ADA accessible municipal outdoor recreation area in the state, fulfilling our mission statement to build a facility for all ages and abilities!

You may have also noticed a flurry of construction along Hill Road near US-23. The township is undertaking a small road project in the area, but surely that pales in comparison to the buzz generated by LaFontaine beginning work on their TWO new dealerships at the intersection of Hill and Gateway Centre. Oh, and there’s that small item of a Costco maybe coming to town. They continue to work through the planning approval process with an eye toward building right behind LaFontaine.

Perhaps most newsworthy, however, is the prospect of a sizable advanced manufacturing development (AKA “Megasite”) being pursued in our neck of the woods. There’s more detail elsewhere in this newsletter, but I also want to directly address the subject here in my own words. As a 4<sup>th</sup>-generation resident and former small business owner in Mundy Township, I know this community has an abundance of positive qualities that make it one of the most attractive to locate in the region. This is true whether calling Mundy your family home, building and operating a business here, or contributing to the rich agricultural heritage of the area.

It’s also apparently true that these qualities are attractive for those considering significant investment and location decisions about the future of manufacturing in Michigan. The reality at the moment is that we simply don’t know many details other than a potential site has been identified in Mundy Township. It’s an exciting but cautious opportunity, and there is still much to learn. We’re taking the potential positive and negative aspects seriously, and any future applicant will be vetted to make sure they’re a good fit prior to any decisions being made.

Please know that we pledge to keep residents updated as we work to represent the best interests of the whole community. And if you’d like to learn more about this or any other topic concerning Mundy Township, please don’t hesitate reach out to me or the Township Manager.

In service,  
Tonya Ketzler  
Mundy Township Supervisor

**COMMONS OCCURRENCES**

You may have noticed construction if visiting the Mundy Miracle Commons this summer. The Commons will soon be the new home of the only Miracle League Ballfield in Genesee County! We put infrastructure underground earlier this year, and recently started building concession, restrooms, and public pavilion spaces. The Miracle League field is expected to start construction next spring.

This summer at the Mundy Miracle Commons we hosted several events, including Food Truck Wednesdays, Flying the Commons Sky, Summer Expo with Area 10 Special Olympics, and a clean-up day with Genesee Intermediate School District staff.

We have a vision of making the Commons a regional gem and point of pride for the Mundy Township community. If you have suggestions for new events, or questions about hosting your event at the Mundy Miracle Commons, please contact Samantha Fountain at sam.fountain@mundytpw-mi.gov or (810) 922-5283.

**ADVANCED MANUFACTURING DISTRICT**

Mundy Township works diligently to ensure the best interests of our residents, future of our business and agricultural sectors, and quality of life in our community are priorities at the forefront of any discussions and/or decision-making processes.

Mundy Township is aware of an area in our jurisdiction that has been identified as a target for possible development of an advanced manufacturing site through the acquisition of privately owned land. This potential advanced manufacturing development is not a Township led effort, and the Township has not received any applications or proposals for construction or permitting of an advanced manufacturing project.

Mundy Township is excited about the economic opportunity that an advanced manufacturing site would present for the community, region, and state. The Township is a growing community that encourages responsible, sustainable investment and development, while striving to maintain the quality residential standards that have led to this area being one of the most desirable locations to establish a home. We pledge to keep our residents and neighbors informed as we learn more, and welcome any input or questions at (810) 655-4631 ext. 229, or contact@mundytpw-mi.gov

GREETINGS FROM THE CLERK'S OFFICE

WHAT WE DO

- The Clerk's Office plays a significant role in establishing positive communication with our residents of Mundy Township. Some of our responsibilities include:
- Serving as Clerk of the Township Board
  - Serving as record manager for the Township's vital records
  - Acting as the Freedom of Information Act (FOIA) Coordinator
  - Administering all oaths required by law
  - Issuing and managing various Township licenses and permits
  - Planning, organizing, and administering all federal, state, local, and school elections
  - Maintaining voter registration records of the township as required by law
  - Providing notary services

ELECTIONS

Mundy Township voters who live in the Carman-Ainsworth and Swartz Creek school districts will have elections this fall. Both school districts have approved Headlee Override Operating Millage Proposal questions to appear on the November 2023 ballot.

Join the election team and be part of the process. We are looking for election workers to work at polling locations on election days and nine days prior.

- We provide paid certification.
- You are paid for working the election.

Contact the Clerk's Office with questions.

PASSING OF PROPOSAL 22-2 (PROP 2)

The passing of Proposal 2 gave voters more options and opportunities to vote. We currently have absentee voting and election day voting at the polls, but coming in 2024, voters will have the right to "early vote." This means that voters will have the opportunity to go to a polling location, yet to be established, to vote in person nine days prior to election day, beginning on the second Saturday before the election, and commencing on the Sunday before election day. The voting sites will have to be open for a minimum of eight hours each day. Voters will be subject to the same requirements as voting on election day. Election results will be tabulated on election night.

HAPPY AUTUMN!

Cory

FROM THE TREASURER

Township Office Hours:

Excellence, Accountability, Integrity

Greetings from your Metro Police Authority,

As Summer rolls on, we at Metro have prioritized a focus on traffic safety. Over the last couple of months, Metro Officers have worked hundreds of hours of traffic enforcement, all funded by a grant from the Office of Highway Safety Planning. With this focus and enforcement effort, we hope to enhance the safety of our roadways. We ask that you do your part to help us with two simple requests. First, watch your speed, and second, put your phone down while you are driving. No call or text is worth a crash. If it is that important, please pull over.

Thank you and enjoy the rest of this beautiful season!

Matthew Bade  
Chief of Police

HOT TOPICS:  
MUNDY TOWNSHIP FIRE  
DEPARTMENT NEWS

The Mundy Township Fire Department recently hired several new firefighters, and is always searching for more. Whether experienced or in need of fire academy training (which we provide!), please consider joining our ranks and serving your community. Applications can be made in person at the township hall, or found on the website at: [www.mundytwp-mi.gov](http://www.mundytwp-mi.gov).

The fire department recently received a grant from the Hundred Club of Genesee County that will fund the purchase of new Nomex fire hoods. These hoods prevent cancer-causing particulates from reaching the skin of a firefighter, and we are very thankful to the Hundred Club of Genesee County for their support!

Firefighters participated with Bishop Airport firefighters to provide fire protection during the Wings Over Flint airshow earlier this summer. The Mundy Township Firefighters Association also hosted their annual car show on Sunday, August 13th at Fire Station #2. It's a regular event with food, drinks, music and more that drew nearly 200 entrants this year. Please consider joining us this time next year!

Open Burning is allowed by permit in Mundy Township. Burn permits may be obtained online by visiting the fire department page on the township website, or paper forms are available outside of Fire Station #2 located at 4011 W. Hill Rd. Burn permits are free, good for three days, and additional rules are stated on the permit.

Smoke alarms are still available for Mundy Township residents. Through funding from the State of Michigan residents are allowed up to six smoke alarms and one CO alarm. Residents are encouraged to replace the old 9 volt alarms with the new ten year battery type. Statistics show that 68 people have perished so far this year in structure fires in Michigan.

Like and Follow the Mundy Township Fire Department on Facebook. You will find posts about fire safety inside and out of your home. Kids can also follow NFPA's "Sparky" for educational games and activities that help children learn about fire safety. Remember, Be Fire Safe!

WHAT'S THE BUZZ: MUNDY TOWNSHIP MOSQUITO ABATEMENT

Did you know Mundy Township has a community mosquito abatement program? Approved by voters in 2021, the current program provides for both wider area and optional individual property treatments (at no additional cost) in partnership with Rose Pest Solutions. It's funded by a Special Assessment on your winter property tax bills, so please contact Rose Pest Solutions at (810) 238-3071 to request treatment or answer any questions, comments, or concerns! Property treatment and shutoff forms to opt-out of the program are also available online at [www.mundytwp-mi.gov](http://www.mundytwp-mi.gov).

FROM THE DIRECTOR

Happy autumn! We are happy to be settling into our new space in the Township Hall. We are open Monday-Friday from 9:00am-5:00pm. In addition, on the last Wednesday of each month, we have a social night with later hours of 12:00-8:00pm. Since moving into the Township Hall, those later hours have included a euchre night and an ice cream social. We are thrilled to bring back Comedy Night with a pasta dinner for our evening social on September 20th. Be sure to grab your tickets at the Center for this event!

Mark your calendar for our senior health fair on October 9th from 10:00-2:00pm. This event is for seniors or those supporting seniors to get information about resources for all aspects of senior health and well-being. Vaccines will be available through Genesee Health System's mobile unit.

Did you know that, in addition to seniors, we also serve those under age 60? This is the "Enrichment" part of our Center. While some services and pricing are exclusive to seniors, many activities are open to adults of all ages. During the summer, we also planned several activities to enable our seniors to bring their grandchildren, nieces, nephews, etc. to the Center. Check out our fitness line-up, crafts, recreational offerings, educational presentations, and special one-time larger events to see what activities are right for you.

Contact us to get on our mailing list and email list, and follow us on Facebook for the most up to date information. Most importantly, stop in to say hello, get a free key card to scan in for activities, and let us know what you'd like to see at the Center!

See you soon!
