Amendment to Idaho Constitution – HJR 5

A Joint Resolution Proposing An Amendment To Section 2, Article VI, Of The Constitution Of The State Of Idaho Relating To Qualifications Of Electors:

“Shall Section 2, Article VI of the Constitution of the State of Idaho be amended to provide that individuals who are not citizens of the United States may not be qualified electors in any election held within the state of Idaho?”

Legislative Council’s Statement of Meaning, Purpose, and Result to Be Accomplished

This proposed constitutional amendment provides that only Idaho residents who are citizens of the United States are eligible to vote in elections in the State of Idaho and that noncitizens are not eligible to vote in any election in the State of Idaho. Currently, Section 2, Article VI of the Constitution of the State of Idaho provides: “[e]very male or female citizen of the United States, eighteen years old, who has resided in this state, and in the county where he or she offers to vote for the period provided by law, if registered as provided by law, is a qualified elector.” This provision does not expressly prohibit noncitizens from voting. The proposed amendment adds language to provide that only United States citizens may vote in elections in the State of Idaho.

What Your Vote Will Do

YES

A **YES** vote would **approve** the proposed Constitutional Amendment for additional language providing that only United States citizens may vote in elections in the State of Idaho.

NO

A **NO** vote would make **no change** to the Idaho Constitution.

Full Text of Proposed Constitutional Amendment

Section 2. QUALIFICATIONS OF ELECTORS. Every male or female citizen of the United States, eighteen years old, who has resided in this state, and in the county where he or she offers to vote for the period provided by law, if registered as provided by law, is a qualified elector. No person who is not a citizen of the United States shall be a qualified elector in any election held within the state of Idaho.

Statements For The Proposed Amendment

1. This constitutional amendment is needed to clarify that United States citizenship is a requirement for eligibility to vote in Idaho elections because the current language does not expressly prohibit noncitizens from voting. The proposed amendment will ensure that individuals who are not citizens of the United States do not vote in any government election in the State of Idaho.
2. The amendment is also needed to clarify that the right to vote shall not be granted in the future to individuals who are not citizens of the United States. Noncitizens have been granted the right to vote in some local elections across the United States. Legislation to expand voting to noncitizens has been considered in other states and cities in the United States.
3. Allowing noncitizens to vote in Idaho elections could lead to concerns regarding election integrity and allow for foreign influence in Idaho elections. The proposed constitutional amendment will protect the State of Idaho from such issues.

Statements Against The Proposed Amendment

1. The proposed constitutional amendment is not needed because United States citizenship is currently required for participation in Idaho elections. Under current law, the Idaho Secretary of State requires citizenship and proof of residency with respect to individuals who register to vote, and it is a felony for an individual to provide false information on an Idaho voter registration form. Additionally, federal statute provides that it is a crime for a noncitizen to vote in any federal election.
2. Election fraud involving voting or attempts to vote by noncitizens is not a significant issue in Idaho. Adding additional language to the Idaho Constitution in an effort to solve a problem that is not occurring could inadvertently create new problems or add an additional barrier to registering to vote by new citizens and state residents.
3. The proposed amendment undermines local control of local elections. The amendment would foreclose any opportunity in the future for the Idaho Legislature or local governments in Idaho to authorize noncitizens to vote in certain elections that might directly affect their interests.

Proposition One: Idaho Open Primaries Act

Measure to:

- (1) replace voter selection of party nominees with a top-four primary;
- (2) require a ranked-choice voting system for general elections.

This measure proposes two distinct changes to elections for most public offices.

First, this measure would abolish Idaho's party primaries. Under current law, political parties nominate candidates through primary elections in which party members vote for a candidate to represent the party in the general election. The initiative creates a system where all candidates participate in a top-four primary and voters may vote on all candidates. The top four vote-earners for each office would advance to the general election. Candidates could list any affiliation on the ballot, but would not represent political parties, and need not be associated with the party they name.

Second, the measure would require a ranked-choice voting system for the general election. Under current law, voters may select one candidate for each office, and the candidate with the most votes wins. Under the ranked-choice voting system, voters rank candidates on the ballot in order of preference, but need not rank every candidate. The votes are counted in successive rounds, and the candidate receiving the fewest votes in each round is eliminated. A vote for an eliminated candidate will transfer to the voter's next-highest-ranked active candidate. The candidate with the most votes in the final round wins.

Fiscal Impact Statement

100 Word Fiscal Impact

Under this initiative, new software for tabulating ballots via instant runoff voting is needed; no federally certified software exists for this process, though there is open-source software for tabulation. We cannot estimate the cost of software for tabulation.

Seventeen counties need to purchase an election management software at an estimated cost of \$300,000. Material costs for a May primary election have been above \$800,000. By 2026, the (inflated, population) adjusted value is \$1,600,000. The software update may increase to \$600,000 were the purchase postponed.

Assumptions

- (1) Voter turnout rates in Idaho elections are unaffected by the passage of the ballot initiative.
- (2) Counties continue to use tabulation patterns (either at the precinct or at a central location) as they already do.
- (3) Existing election management software already in use by 27 counties is capable of producing ranked-choice ballots and continues to function and be sufficient.
- (4) CPI inflation reasonably captures price increases in the narrow market which is election machines/software/supplies.
- (5) Training costs and poll-worker costs are unaffected - training already occurs before each election.

Funding Source Statement

The Idaho Open Primaries Act will be funded by an augmentation of existing state and county expenditures for advertising and tabulation. Implementation of the act will require 1.) A public awareness effort to inform voters, candidates, and election workers about changes to the election process, and 2.) The purchase of ballot tabulation equipment capable of conducting instant runoff elections.

What Your Vote Will Do

"Shall the above-entitled measure proposed by Proposition One be approved?"

YES

A **YES** vote would **replace** Idaho's primary election with a single top-four primary and change Idaho's general election to a ranked-choice voting system.

NO

A **NO** vote would make **no changes** to the current primary and general election voting process.

PRO – Arguments for Proposition One

Provided by Idahoans for Open Primaries

Voting YES on Proposition 1 will bring back open primary elections and give all Idaho voters, including those not affiliated with a political party, the right to vote in every election. Currently, Idaho's closed primary system blocks more than 270,000 independent voters from participating. That's not right. A Yes vote for Proposition 1 says that every voter should have the right to participate in every taxpayer-funded election.

Voting YES on Proposition 1 will restore the longstanding tradition of open primary elections in Idaho. Idahoans voted in open primaries for 40 years until party officials established closed primaries back in 2011. A Yes vote for Proposition 1 brings us back to a time when you weren't forced to join a political party to have a say in who is elected to important offices.

Voting YES on Proposition 1 will restore the right of military veterans to participate in every Idaho election. Nearly half of Idaho's veterans are not affiliated with a political party, and these veterans are currently blocked from voting in Idaho's most important election—the primary. A Yes vote for Proposition 1 says that no one who fought for our country should ever be denied a voice in any election.

Voting YES on Proposition 1 will make elected officials answer to voters, not special interests or party insiders. Currently, special interest groups and party elites wield far too much influence. They control the outcome of elections by handpicking the candidates and spending millions on negative advertising. A Yes vote for Proposition 1 will reduce the influence of special interests and give power back to ordinary citizens.

Voting YES on Proposition 1 will restore competition to Idaho elections. Currently, the majority of Idaho's politicians do not face a competitive opponent in the general election. That's unacceptable, and it leads to unaccountable elected officials. A Yes vote for Proposition 1 will bring back competitive elections. It will give more choice and more voice to every Idaho voter.

Voting YES on Proposition 1 will make sure we have better choices in our general elections—up to four candidates, with different viewpoints, backgrounds and ideas. Voters can rank candidates if they choose, and the winner must receive support from a broad coalition of voters and not just a narrow faction. Idahoans have an important choice in this election—a No vote will continue our current dysfunctional system, while a Yes vote will empower every Idaho voter.

Voting YES on Proposition 1 will restore the principles of our nation's Founding Fathers, who were suspicious of political parties and believed that "We the People" are the source of all political power.

Proposition 1 has the support of a broad coalition of Idahoans—Republicans, Democrats, and Independents alike. Please vote "YES" on Proposition 1.

Rebuttal to Pro Arguments

Proposition 1, contrary to its proponents' assertions, does not broaden primary election access for unaffiliated voters. Instead, it replaces Idaho's elections system with an intricate Ranked-Choice Voting system that undermines the democratic process. Even the Idaho Supreme Court stated that "open primary" means something very different than this proposal.

While supporters claim that unaffiliated voters face obstacles to participation, these voters can, in reality, request and cast ballots in any party primary they choose. The unstated objective of Proposition 1 is to allow registered Democrats into Republican primaries, effectively transforming Idaho's political environment into something more like California's.

Barely mentioned by proponents, and buried within Proposition 1's text, is the replacement of Idaho's election system with a Ranked Choice Voting gimmick. This confusing system, which has been tried and failed in many places, uses computer algorithms to transfer votes between candidates, based on complex contingencies.

What Proposition 1 really creates:

1. **LESS ELECTION INTEGRITY:** Difficult to audit election results.
2. **LONGER ELECTION SEASON:** Extends many elections six months longer, favoring wealthy candidates and those with the most special interest money.
3. **SLOWER ELECTION RESULTS:** Multiple rounds of vote tabulation will require more recounts.
4. **ELIMINATES "ONE PERSON, ONE VOTE":** The candidate receiving the most votes will not always win.
5. **HIGHER COSTS:** Idaho Secretary of State Phil McGrane reports that replacing Idaho's election systems could require \$40 million in new taxpayer money.

Don't fall for this disguised takeover of Idaho's elections. Vote NO to protect "One Person, One Vote."

CON – Arguments Against Proposition One

Provided by the Idaho House Republican Caucus

Proposition 1 does not simply open the primaries and seeks to fundamentally change the system by which Idaho has determined election winners since it became a state in 1890.

Ranked-Choice-Voting is not intuitive for voters and would cost around \$40 million to implement according to Idaho Secretary of State, Phil McGrane. Under Idaho's current and historic system, an election for public office is simple. Voters vote for their preferred candidate, the votes are tallied, and the candidate with the most votes wins. Simple.

Ranked-Choice-Voting in Proposition 1 would implement a California-style jungle primary in which Democrats would help choose Republican candidates and vice versa. The top four candidates with the most votes would advance to the general election in a new Ranked-Choice-Voting system. The candidate with the most votes can lose! Don't let this happen to Idaho. Vote NO on Proposition 1 to protect "one person, one vote".

Ranked-Choice-Voting involves a more complicated ballot that confuse voters with contingency voting preferences. This would multiply the length of time it takes to vote in every race. Many thousands of voters will not complete the many extra steps involved in Ranked-Choice-Voting. This change will make it harder for people with busy lives to get through longer lines and complete a ballot. Vote NO on Proposition 1 to protect "one person, one vote".

Ranked-Choice-Voting has been rejected by voters in other states. Alaska adopted this system in 2022 and an initiative is pending to repeal it. Make no mistake, whether it's moms and dads trying to vote before they must pick up their kids, or workers trying to vote during their lunch break, thousands will leave the lines, give up, and be disenfranchised. Don't let this happen to Idaho. Vote NO on Proposition 1 to protect "one person, one vote".

Additional Concerns with Ranked-Choice Voting:

1. **Less Election Integrity:** Will make it more difficult to validate the accuracy of results, straining Idaho's post-election audit process and risks depriving the true winner.
2. **Longer Election Season:** Will extend most campaigns by at least six months from May until November and increase the time and cost.
3. **Slower Election Results:** Will also take longer to report election results due to multiple rounds of vote tabulation.
4. **More Recounts:** Will require much more frequent recounts.
5. **Higher Costs:** Will require the replacement of Idaho's current election systems and will also cost the taxpayer significant dollars to educate voters on a new complicated voting process.

In summary, Ranked-Choice-Voting would impede voters' ability to simply choose the person that best represents their views in a single primary race. Ranked-Choice-Voting is a complicated, ineffective, and costly idea that would create more problems than it proposes to solve. Vote NO on Proposition 1 to protect "one person, one vote."

Rebuttal to Con Arguments

Proposition 1 will give all Idaho voters, including independents, the right to vote in every taxpayer-funded election. It will end closed primaries, which—beginning in 2011—forced voters to join a political party just to participate in primary elections.

Proposition 1 protects the integrity of our elections by making sure every vote counts and that voters, not party bosses and special interests, decide who wins.

Some political-party insiders are spreading misinformation about Proposition 1 because they fear they'll lose power if the initiative passes.

The truth is that Proposition 1 will enact simple reforms. Contrary to false claims about ranked choice voting, the process of ranking candidates is as simple as counting to four. Surveys in Utah and Alaska showed that over 80% of voters found ranked choice voting to be simple and easy to understand.

Contrary to some claims, Proposition 1 can be implemented affordably and in a fiscally responsible way. The Idaho Division of Financial Management estimated the cost of new equipment to be as low as \$600,000—about 60 cents per voter. This cost is well worth it to ensure every voter's right to participate.

Proposition 1 will restore the principles of the Idaho Constitution, which says that "All political power is inherent in the people" and that the people have a right to reform their government when necessary. Proposition 1 is a common-sense reform that will restore the rights of all voters, regardless of party affiliation, to participate in every Idaho election.

(1) All electors must register before being able to vote at any primary, top four primary, general, special, school or any other election governed by the provisions of title 34, Idaho Code. Registration of a qualified person occurs when a legible, accurate and complete registration application is received in the office of the county clerk or is received at the polls pursuant to section 34-408A, Idaho Code.

(2) Each elector may select on the registration application an affiliation with a political party qualified to participate in elections pursuant to section 34-501, Idaho Code, or may select to be designated as "unaffiliated." The county clerk shall record the party affiliation or "unaffiliated" designation so selected as part of the elector's registration record. If an elector shall fail or refuse to make such a selection, the county clerk shall enter on the registration records that such elector is "unaffiliated."

(3) In order to provide an elector with the appropriate primary election ballot, pursuant to section 34-9.04A, Idaho Code, the poll book for primary elections shall include the party affiliation or designation

as unaffiliated for each elector so registered. An unaffiliated elector shall declare to the poll worker which primary election ballot the elector chooses to vote in, pursuant to section 34-904A, Idaho Code, and the poll worker or other authorized election personnel shall record such declaration in the poll book. The poll book shall contain checkoff boxes to allow the poll worker or other authorized election personnel to record such unaffiliated elector's selection. An elector does not need to be affiliated with a party or make any declaration about party affiliation in order to receive a top four primary ballot.

(4) In order to provide electors who are already registered to vote, and who remain registered electors, with an opportunity to select a party affiliation or to select their status as "unaffiliated" the poll book for the 2012 primary election shall include checkoff boxes by which the poll worker or other appropriate election personnel shall record such elector's choice of party affiliation or choice to be designated as "unaffiliated." After the 2012 primary election, the county clerk shall record the party affiliation or "unaffiliated" designation so selected in the poll book as part of such an elector's record within the voter registration system as provided for in section 34-437A, Idaho Code.

(5) After the 2012 primary election, electors who remain registered voters and who did not vote in the 2012 primary election or who have not selected party affiliation or who have not selected to be designated as "unaffiliated," shall be designated as "unaffiliated" and the county clerk shall record that designation for each such elector within the voter registration system as provided for in section 34-437A, Idaho Code.

08 SECTION 8. THAT SECTION 34-411A, IDAHO CODE, BE, AND THE SAME IS HEREBY AMENDED TO READ AS FOLLOWS:

34-411A. PRIMARY AND TOP FOUR PRIMARY ELECTIONS - CHANGING PARTY AFFILIATION - UNAFFILIATED ELECTORS. (1) For a primary election, an elector may change such elector's political party affiliation or become "unaffiliated" by filing a signed form with the county clerk no later than the last day a candidate may file for partisan political office prior to such primary election, as provided for in section 34-704, Idaho Code. An "unaffiliated" elector may affiliate with the party of the elector's choice by filing a signed form up to and including election day. The application form described in section 34-1002, Idaho Code, shall also be used for this purpose.

(2) For a primary election, an "unaffiliated" elector may select a political party affiliation only prior to voting in the primary election. An elector may make such selection on or before election day, by declaring such political party affiliation to the poll worker or other appropriate election personnel. The poll worker or other appropriate election personnel shall then record in the poll book the elector's choice. After the primary election, the county clerk shall record the party affiliation so recorded in the poll book as part of such elector's record within the voter registration system as provided for in section 34-437A, Idaho Code.

(3) For a top four primary election, an elector does not need to be affiliated with a political party in order to vote.

09 SECTION 9. THAT SECTION 34-501, IDAHO CODE, BE, AND THE SAME IS HEREBY AMENDED TO READ AS FOLLOWS:

34-501. "POLITICAL PARTY" DEFINED -- PROCEDURES FOR CREATION OF A POLITICAL PARTY. (1) A "political party" within the meaning of this act., is an organization of electors under a given name. A political party shall be deemed created and qualified to participate in elections in any of the following three (3) ways:

(a) By having three (3) or more candidates for state or national office listed under the party name or indicating affiliation with that party pursuant to section 34-704A, Idaho Code, at the last general election, provided that those individuals seeking the office of president, vice president and president elector shall be considered one candidate, or

(b) By polling at the last general election for any one of its candidates for state or national office at least three per cent (3%) of the aggregate vote cast for governor or for presidential electors or at least three percent (3%) of the aggregate of votes cast for all candidates indicating their affiliation with that party pursuant to section 34-704A, Idaho Code, in any round of tabulation in a general election for governor.

(c) By an affiliation of electors who shall have signed a petition which shall:

(A) State the name of the proposed party in not more than six (6) words;

(B) State that the subscribers thereto desire to place the proposed party on the ballot;

(C) Have attached thereto a sheet or sheets containing the signatures of at least a number of qualified electors equal to two per cent (2%) of the aggregate vote cast for presidential electors in the state at the previous general election at which presidential electors were chosen;

(D) Be filed with the secretary of state on or before August 30 of even numbered years;

(E) The format of the signature petition sheets shall be prescribed by the secretary of state and shall be patterned after, but not limited to, such sheets as used for state initiative and referendum measures;

(F) The petitions and signatures so submitted shall be verified in the manner prescribed in section 34-1807, Idaho Code.

(G) The petition shall be circulated no earlier than August 30 of the year preceding the general election.

(2) Upon certification by the secretary of state that the petition has met the requirements of this act such party shall, under the party name chosen, have all the rights of a political party whose ticket shall have been on the ballot at the preceding general election.

(3) The newly certified party shall proceed to hold a state convention in the manner provided by law; provided, that at the initial convention of any such political party, all members of the party shall be entitled to attend the convention and participate in the election of officers and the nominations of candidates. Thereafter the conduct of any subsequent convention shall be as provided by law.

10 SECTION 10. THAT SECTION 34-702, IDAHO CODE, BE, AND THE SAME IS HEREBY AMENDED TO READ AS FOLLOWS:

(a) Receive at least the following number of write-in votes at the primary election:

- (i) One thousand (1,000) for any statewide office;
- (ii) Five hundred (500) for a congressional district office;
- (iii) Fifty (50) for a legislative district office; or
- (iv) Five (5) for a county office; and

(b) File a declaration of intent for that office, pursuant to section 34-702A, Idaho Code.

(2) Any write-in candidate at a top four primary who does not meet the requirements of subsection (1) of this section is not eligible to advance to the general election and shall not be included in the top four (4) candidates regardless of the number of votes received by that candidate.

~~(2)~~(3) Candidates who are required to file with the secretary of state shall pay the filing fee required for that office no later than the deadline for filing a declaration of intent pursuant to section 34-702A, Idaho Code, or shall file a petition pursuant to section 34-626, Idaho Code.

~~(3)~~(4) No write-ins shall be allowed for judicial office.

11 SECTION 11. THAT SECTION 34-702A, IDAHO CODE, BE, AND THE SAME IS HEREBY AMENDED TO READ AS FOLLOWS:

34-702A. DECLARATION OF INTENT FOR WRITE-IN CANDIDATES. (1) No write-in vote for any office in a primary, top four primary, special, or general election shall be counted unless a completed declaration of intent form has been filed indicating that the person desires the office and is legally qualified to assume the duties of said office if elected. The declaration of intent shall be filed with the secretary of state if for a federal, state, or legislative district office and with the county clerk if for a county or party precinct committeeman office. Such declaration of intent shall be filed no later than the eighth Friday before the day of election. For a write-in candidate for president, the declaration shall include a certification of the write-in candidate's vice presidential and presidential electors, all of whom must be qualified to serve in their respective offices. The secretary of state shall prescribe the form for said declarations.

(2) In those counties that utilize optical scan ballots, an elector shall not place on the ballot a sticker bearing the name of a person or use any other method or device, except writing, to vote for a person whose name is not printed on the ballot.

(3) In general elections conducted by instant runoff voting, a write-in candidate who has not submitted a declaration of intent pursuant to this section is

not considered an active candidate and a ranking containing such a write-in candidate shall be treated in the same manner as a ranking containing an eliminated candidate for the purposes of tabulation.

12 SECTION 12. THAT SECTION 34-703, IDAHO CODE, BE, AND THE SAME IS HEREBY AMENDED TO READ AS FOLLOWS:

34-703. NOMINATION AT PRIMARY OR TOP FOUR PRIMARY. (1) All political party candidates for United States senator and representative in congress, and all political party candidates for elective state, district and county offices, except candidates for judicial office, at general elections shall be nominated at the primary elections, or shall have their names placed on the general election ballot as provided by law, and shall comply with the provisions of this act.

(2)(1) All candidates for judicial office shall be nominated or elected at the primary election, as provided by section 34-1217, Idaho Code.

(3) Independent candidates shall not be voted on at primary elections.

(3)(2) All candidates for United States senate, United States house of representatives, state legislature, elective state office or county elective office at general elections must advance from a top four primary election or have their names placed on a general election ballot as otherwise provided by law. Top four primary elections shall comply with the following provisions:

(a) All candidates participating in a top four primary election shall appear on the same ballot, regardless of party affiliation.

(b) Each qualified elector, regardless of party affiliation, may vote for one (1) candidate.

(c) Subject to the provisions of section 34-702(1), Idaho Code:

(i) The four (4) candidates who receive the most votes shall advance to the general election and appear on the general election ballot.

(ii) If fewer than four (4) candidates receive votes, all candidates receiving votes shall advance to the general election and appear on the general election ballot.

(iii) If it cannot be determined which four (4) candidates received the most votes because two (2) or more candidates are tied with an equal number of votes, that tie shall be broken pursuant to the provisions of section 34-1216, Idaho Code.

35 SECTION 35. THAT SECTION 34-1216, IDAHO CODE, BE, AND THE SAME IS HEREBY AMENDED TO READ AS FOLLOWS:

34-1216. TIE VOTES - IN STATE OR DISTRICT ELECTIONS. In the case of a tie vote between the candidates at a primary, top four primary, or general election, or the final round of a general election conducted by instant runoff voting, which tie must be broken in order to determine which candidate is elected or which candidates will advance to the general election, the interested parties or their authorized agents shall appear before the secretary of state within two (2) days after the canvass and the tie shall be determined by a toss of a coin. Tie votes in the final round of general elections for executive office conducted by instant runoff voting shall be broken under Section 2, Article IV, Idaho Constitution.

36 SECTION 36. THAT CHAPTER 12, TITLE 34, IDAHO CODE, BE, AND THE SAME IS HEREBY AMENDED BY THE ADDITION THERETO OF A NEW SECTION, TO BE KNOWN AND DESIGNATED AS SECTION 34-1218, IDAHO CODE, AND TO READ AS FOLLOWS:

34-1218. INSTANT RUNOFF VOTING – DEFINITIONS – TABULATION. (1) For the purpose of instant runoff voting elections, unless the context or usage indicates otherwise, the following words have the following meanings:

- (a) "Active candidate" means any candidate who has not been eliminated and has not withdrawn his candidacy according to law.
- (b) "Highest-ranked active candidate" means the active candidate assigned to a higher ranking than any other active candidate.
- (c) "Overvote" means an instance in which a voter has ranked more than one (1) candidate at the same ranking.
- (d) "Ranking" means the number available to be assigned by a voter to a candidate to express the voter's choice for that candidate. The number "1" is the highest ranking, followed by "2" and then "3" and so on.
- (e) "Round" means an instance of the sequence of voting tabulation as provided in subsection (3) of this section.

(2) All general elections and all special elections to fill vacancies, as applicable, for congress, state elective office, county elective office or the state legislature involving three (3) or more candidates shall be conducted using instant runoff voting.

(3) Tabulation for elections conducted by instant runoff voting shall proceed in rounds. In around of tabulation, each ballot counts as a vote for its highest-ranked active candidate. Tabulation shall proceed sequentially as follows:

- (a) If two (2) or fewer active candidates remain, the candidate with the highest number of votes is elected and tabulation is complete.

(b) In the first round only, if more than two (2) active candidates remain and there is at least one (1) write-in candidate who has filed a declaration of intent pursuant to section 34-702A, Idaho Code, then each such write-in candidate who received fewer than one hundred (100) votes or fewer votes than any active non-write-in candidate, shall be eliminated simultaneously and votes for those candidates shall be transferred to each ballot's next highest-ranked active candidate.

(c) In any round other than those described in paragraphs (a) and (b) of this subsection, if more than two (2) active candidates remain, the active candidate with the fewest votes shall be eliminated and votes for that candidate shall be transferred to each ballot's next-highest-ranked active candidate. This process shall be repeated until two (2) or fewer candidates remain.

(4) An inactive ballot does not count as a vote for any ranked active candidate. A ballot becomes inactive if:

(a) It does not contain rankings for any active candidate; or

(b) It contains an overvote that includes its highest-ranked candidate.

(5)(a) If two (2) or more candidates are tied with the fewest votes and tabulation cannot continue until the candidate with the fewest votes is defeated, then the candidate to be defeated shall be determined by lot.

(b) If there is a tie in a final round of tabulation and the winner cannot be determined until the tie is broken, that tie shall be broken as provided by law or the constitution of the state of Idaho as the case may be.

(6)(a) In order to determine a party's vote share under section 2, article III of the constitution of the state of Idaho or for any other purpose not otherwise provided by law, the aggregate total of all votes cast in the first round of tabulation for candidates who have indicated their affiliation with that party on the ballot pursuant to section 34-704A, Idaho Code, shall be used.

(b) In order to determine a candidate or elected official's party affiliation for the purpose of filling a vacancy or any other purpose, the party affiliation indicated on the ballot pursuant to section 34-704A, Idaho Code, by that candidate or elected official shall be used, unless otherwise provided by law.

(7) The secretary of state shall promulgate administrative rules pursuant to chapter 52, title 67, Idaho Code, for elections conducted by instant runoff voting, including rules for canvassing, for tabulation, and for releasing unofficial preliminary round-by-round results as soon as feasible after the polls close and at regular intervals thereafter until the counting of ballots is complete.

37 SECTION 37. THAT SECTION 34-2410, IDAHO CODE, BE, AND THE SAME IS HEREBY AMENDED TO READ AS FOLLOWS:

(d) Permits the voter, except at primary elections, to vote for all the candidates of one (1) party or in part for the candidates of one (1) party and in part for the candidates of one or more other parties.

(e) Permits the voter to vote for as many persons for an office as he is lawfully entitled to vote for but no more.

(f) Prevents the voter from voting for the same person more than once for the same office.

(g) Correctly registers or records all votes cast for any and all persons and for or against any and all measures.

(h) Can be adjusted so that the counting mechanism rejects any vote cast on the tabulating card in excess of the number which the voter is entitled to vote.

~~(i) Provides that a vote for more than one (1) candidate cannot be cast by one (1) single operation of the machine or vote tally system. Can conduct an instant runoff voting election pursuant to section 34-1218, Idaho Code.~~

(2) A vote tally system shall be:

(a) Capable of correctly counting votes on ballots or ballot cards on which the proper number of votes have been marked for any office or question or issue that has been voted.

(b) Capable of ignoring the votes marked for any office or question or issue where more than the allowable number of votes have been marked, but shall correctly count the properly voted portions of the ballot card.

(c) Capable of accumulating a count of the specific number of ballots or ballot cards tallied for a precinct, accumulating total votes by a candidate for each office; and accumulating total votes for and against each question and issue of the ballots or ballot cards tallied for a precinct.

(d) Capable of tallying votes from ballots or ballot cards of different political parties, from the same precinct, in the case of a primary election.

The attorney general shall be the final authority concerning any question which arises during the recount for federal, state, county or municipal elections. The county prosecuting attorney shall be the final authority concerning any question that arises during the recount of other elections. The secretary of state shall promulgate administrative rules pursuant to chapter 52, title 67, Idaho Code, for the conduct of recounts of instant runoff voting elections.

39 SECTION 39. THAT SECTION 34-903B, IDAHO CODE, BE AND THE SAME IS HEREBY REPEALED.

Making Elections Secure

Your vote is your voice, and we're committed to ensuring that your voice is heard loud and clear while maintaining the highest standards of security and transparency. Here are some of the measures in place to protect the integrity of our electoral process.

Voter Identification Requirements

Idaho requires photo identification both to register and vote. This includes proof of residency requirements as part of registration.

Statewide Voter System

Our office manages a statewide voter registration system that allows us to track and compare voting activity in all Idaho counties. This detects and prevents anyone attempting to vote multiple times. It also provides tools for signature comparison and other validation related to absentee voting, early voting, and election day.

Voter Roll Maintenance

We conduct routine clean-up of our voter rolls to ensure accuracy. This includes monthly clean-up efforts to remove deceased voters, felons, and people who have moved. Following each general election, we conduct a comprehensive clean-up to ensure inactive voters are removed.

Paper Ballots

All Idahoans vote using a paper ballot. The paper ballot serves as the official record, not the images or data stored by the voting equipment. During any audit, challenge, or recount, we always refer to the original paper ballot as the official record of votes.

Secure Voting Technology

All voting equipment used to design, develop, and count ballots is never connected to the internet. This is the simplest way to prevent outside interference. To share results with the public, results must be physically removed from the machines through a defined process to be uploaded to separate computers and posted online.

Equipment Testing

All voting equipment used in Idaho is certified and thoroughly tested at the federal, state, and local levels. Before and after each election, the equipment is tested for accuracy using test ballots with predetermined results to ensure that votes are correctly counted as a voter intends.

Post-Election Audits

After each primary and general election, our office conducts random audits of the county elections offices to ensure the accuracy of equipment and the results reported. These paper ballot audits are conducted by hand and involve independent auditors and observers.
